Rene Schwaiger, PhD

Teaching Evaluations

University of Innsbruck

These evaluations cover courses I taught independently at the University of Innsbruck from winter 2018/19 to summer 2026. The record includes all 32 available official course reports, based on 332 completed questionnaires. A student may have submitted a questionnaire for more than one course.

Overall Ratings

The reports use a five-point scale, where 1 is the most positive response and 5 is the least positive. The averages below use the 27 reports with comparable overall ratings (232 questionnaires). Each report is weighted by its number of completed questionnaires.

Dimension	Weighted Average
Content and structure	1.29
Delivery and preparation	1.38

Courses Covered

Course	Reports	Questionnaires
Investment and Financing	14	177
Corporate Decision-Making and Societal Responsibility	13	127
Bachelor’s Thesis Seminar	5	28

Scope and Limitations

Three earlier reports used a different rating format and two had no overall ratings. All five count toward coverage but are excluded from the overall averages. The source reports round their scores to one decimal place, so the pooled figures are descriptive estimates. This summary does not include individual comments or section-level results.
